

## AERIAL RACERS NEAR THE LAKES

MAJ. HERSEY'S BALLOON WAS  
THE FIRST TO LAND.

NEAR HAMILTON, ONTARIO.

It is certain that the Record Made in  
the International Races Last Year  
Will be Exceeded by All  
the Contestants.

Caledonia, Ont., Oct. 22.—The balloon United States, of which Maj. Hersey, of the United States weather bureau, is the pilot, landed about 12 miles south of Hamilton, Ont., at 6:15 p. m. The United States crossed the state of Illinois, thence across Lake Michigan and Lake St. Clair to the middle of Lake Erie, when a change of wind carried it north into Canada to the place of landing.

The United States was the winner of the international race of 1906. The distance from St. Louis to Hamilton, Ont., is approximately 620 miles. Therefore the United States traveled about 616 miles, which is far ahead of the record made in the European races by Lieut. Lahm, whose balloon won the international cup by sailing 402 miles.

Pittsburg, Oct. 22.—At 2 o'clock this morning a second balloon passed over Mountville, Va., making four balloons in northern West Virginia this morning.

St. Louis, Oct. 22.—Scattered throughout Ohio, with one or two in the vicinity of the Great Lakes, all but one of the big balloons participating in the second international aeronautic cup race were still in the air last night. The balloons at various points in Ohio came in, while Detroit first sent word of the contestant which afterwards passed the Canadian border.

The identity of only four of the balloons has been definitely established. Through telegrams, dropped and addressed to the Associated Press, the balloon America, one of the three American contestants, containing Messrs. McCoy and Chandler, reported from Marion, O. The message said that the America would descend on the borders of Lake Erie.

The German balloon, Pomern, passed over Cleveland late in the afternoon and Pilot Oscar Erbslohn dropped a note saying: "Open water ahead. All well."

The Pomern had been reported earlier in the day in the interior of Ohio.

A note dropped Tuesday morning at New Augusta, Ind., near Indianapolis, conveyed the information that the balloon passing was the Lotus II, the only English entrant.

The French balloon Isle de France dropped a message for the Associated Press at Columbus, O.

There seems no doubt that the record made in the race at Paris last year, 402 miles, will be exceeded by practically every balloon. Nearly all the balloons reported in Ohio have covered more than that distance, while those on the Great Lakes are more than 500 miles ahead of the record.

All the balloons have gone to the east and northeast. One vagrant car was reported at 7:15 last night as passing Waukegan, Ill., just north of Chicago, and on the edge of Lake Michigan.

In preparation for the race of dirigible balloons or airships scheduled for today three of the big cigar-shaped vessels made trial trips Tuesday. One of them, the California Arrow, sailed by Thomas S. Baldwin, of New York, performed wonderfully well and seemed capable of any feat desired by the pilot.

The Arrow made two ascents, sailed against the wind at a rapid speed, turning almost in its own length and three alighted at the starting point.

An exhibition which promised to parallel that of the Arrow was cut short by the breaking down of the motor in Charles J. Strobel's airship, the "Strobel," which was sailed by Jack Dallas. The Strobel was about 700 feet high when the accident occurred and almost directly over the crowded grand stand.

Another exciting incident was the flight of Cronwell Dixon, the 16-year-old lad of Columbus, O., in his "sky bicycle." This is a small model of the type used by Baldwin and Dallas, with the exception that the propeller is operated by a bicycle arrangement. Dixon demonstrated the dirigibility of his machine by turning two or three times and then sailed away over the city, being unable to make headway back to the grounds against the wind. He landed at Dennis, Ill.

**Farmers' Congress Elects Officers.**  
Oklahoma City, Okla., Oct. 22.—The farmers' national congress adjourned Tuesday after electing the following officers: President, Col. Benham Cameron, Stargate, N. C.; secretary, George M. Whitaker, Washington, D. C.; treasurer, W. J. Ames, Oregon, Wis.

**A Strike Breaker Shoots Himself.**  
San Francisco, Oct. 22.—William A. Forney, a professional strike breaker and survivor of a half dozen serious wounds received in riots in every part of the United States, is dead, the victim of an accidental discharge of his own revolver.

**Alleged Murderer Is Captured.**  
Cleveland, Oct. 22.—Two deputy sheriffs ended a long chase for an alleged murderer Tuesday afternoon near Akron, O., where they captured Raphael Tusone, whom they charged with murdering his brother-in-law, Emmett Garo, at Independence, Sunday night. Deputies Stahl and Fullmer were on the hunt since late that night. They traced the man along the railroad track of the B. & O., and caught up with him while he was walking the ties. Another man with Tusone at the time, and wanted as a witness, got away.

## THE SEETHING POT

## MR. ROOSEVELT IN TENNESSEE GATHERED IN THE OHIO FIELD

PEOPLE OF CHATTANOOGA GAVE HIM A FIERCE OVATION.

Crowd was So Noisy that He was Unable to Make a Speech—He Visits Nashville.

Chattanooga, Tenn., Oct. 22.—Probably 20,000 persons were in danger of injuries last evening at the Central station when President Roosevelt's train rolled into the train shed. It was a surging mass of humanity that could not be controlled. The demonstration was so great that it was impossible for the president to speak. He made several attempts, but finally desisted. He knew there was danger of a panic and tried to avert a catastrophe.

The cheering was almost incessant and in the wild rush towards the president's car women were carried off their feet and men had to fight to keep themselves from being trampled.

The president tried vainly to speak. The few sentences he uttered consumed 19 minutes and then the train was signaled ahead. As it rolled away the president waved responses to cheers that followed him.

Nashville, Tenn., Oct. 22.—President Roosevelt stopped here Tuesday and visited the tomb of Andrew Jackson at the Hermitage, 12 miles from here. He also visited the Tennessee home for Confederate soldiers.

President Roosevelt in his speech here said: "There has been trouble in the high financial world during the past few months. The situation has frequently been made that the policies for which I stand are responsible for that trouble. These policies of mine represent the effort to punish successful dishonesty. I doubt if these policies have had any material effect in bringing about the present trouble, but if they have it will not alter in the slightest degree my determination that for the remainder of my term these policies shall be persevered in unswervingly."

## MINOR MENTION.

While racing an automobile in Chicago Adrian Gibson, 20 years old, of Cleveland, son of a real estate dealer, was killed and five companions were injured.

By the will of W. S. Hubbard, probated at Indianapolis, the Presbyterian board of foreign missions is given 10 per cent. of the estate, which is valued at \$500,000.

While patrolling his beat in the lower East Side, New York City, Eugene S. Sheehan, a policeman, was shot and instantly killed. William Morley, 24 years old, a one-armed man, was arrested, charged with the crime.

**Detective Accused of Manslaughter.**  
Cleveland, Oct. 22.—George A. Schultz, a Lake Shore detective, pleaded not guilty to manslaughter in Justice Brown's court Tuesday and was released under a \$1,000 bond. Schultz is charged with killing Matthew Orsini, found dead in the Lake Shore yards a week ago.

**Major Delmar Defeats Sweet Marie.**  
Poughkeepsie, N. Y., Oct. 22.—Major Delmar defeated Sweet Marie in a match race for a purse of \$2,500 at the Hudson River driving park Tuesday, winning two out of three heats. The race was the three fastest heats ever trotted on this track in a race.

**Socialist Ticket May Be Barred.**  
Cleveland, Oct. 22.—A possibility exists that the socialist labor ticket, nominated by petition, is illegal and cannot go upon the official ballot this fall. The ticket is headed by John Kircher for mayor. The petition contains 1,288 signatures, 75 more than necessary. At the meeting of the board of elections Tuesday the petition was scrutinized and a report made upon it that a large number of the signers had not registered. Secretary Haas said that the work of investigating the signatures had not been completed.

## FOOLED PEOPLE WITH FORGERIES

MRS. CHADWICK'S BANK PASS-BOOKS WERE "DOCTORED."

STAREK, A BANK EXAMINER,

Says that Not One-Tenth of the Evidence Against Her was Used in the Trial that Resulted in Her Conviction.

Pittsburg, Oct. 22.—Contrary to expectations no further steps were taken Tuesday before the supreme court of Pennsylvania, sitting here, to have the deposition of the late Cassie L. Chadwick made public. The document was made by Mrs. Chadwick while a prisoner in the penitentiary at Columbus, O., to attorneys representing Mrs. W. C. Jurte, widow of the millionaire coal man, who charges James W. Friend and F. N. Hodstot, officials of the Pressed Steel Car Co., with fraudulently obtaining \$1,000,000 worth of securities belonging to her husband's estate.

The effort to conceal the deposition is causing much comment. Bank Examiner Charles Starek, who investigated the Chadwick case for the department of justice, said Tuesday regarding the passbooks found by the referee in bankruptcy at Cleveland: "In the investigation I made of the affairs of Mrs. Chadwick in connection with the failure of the Otisville bank I found nothing which would connect any bank in Pittsburg or its vicinity with her."

"I have no doubt that the passbook in question was a forgery, as were others which she had in her possession and which she used to help secure credit and the confidence of those with whom she was doing business. I know in some instances of Cleveland and New York banks where she had similar passbooks."

"In some instances all the entries in the passbook were forgeries, while in other the original entry would be changed. For instance, in some cases of New York banks I found that the original entry was \$200 and this had been raised to \$200,000."

"This system of raising deposits in passbooks was carried on in many cases and I visited many banks and found that it had been done, but I found no such condition of affairs in Pittsburg and so concluded that the entire entry against the Pittsburg bank was a forgery."

"She was the most marvelous woman who ever wrecked a bank, in my estimation, and this I found out when I went after this evidence in order to secure to aid the department of justice. Not one-tenth of the evidence I secured was used against her in the trial which resulted in her conviction, and many of the details of her work never will be known, now that she is dead."

**Condemned the Telegraph Companies.**  
Springfield, Ill., Oct. 22.—By unanimous vote Tuesday the Illinois house of representatives passed a resolution condemning the Western Union and Postal telegraph companies for their treatment of their employees and their refusal to arbitrate.

**A Doubly Fatal Explosion.**  
Bellevue, Ont., Oct. 22.—By the explosion of a vat in Matthews' stove factory Tuesday, George Graham and P. Juley, workmen, were killed outright and five other men badly injured.

**Gotham Has Dog Police.**  
New York, Oct. 22.—New York's dog police, which will be used in tracking law breakers on the outskirts of the city, arrived from England Tuesday on the steamship Vadorland. These "patrolmen" were five Belgian sheep dogs whose scent is said to be superior to the bloodhounds and which are trained to regard everyone who does not wear a uniform with suspicion. The dogs have been used successfully by the police of Ghent.

**Two Deaths from Rabies.**  
Wilkesbarre, Pa., Oct. 22.—Samuel Burnett, aged 7 years, of Maltby, and John Zeemerts, of Dupont, nearby mining settlements, are dead at their homes from rabies and Isaac Burnett, aged 12 years, a brother of Samuel, and George Rega, aged 10 years, a neighbor, were sent to a Pasteur institute Tuesday to be placed under treatment for hydrophobia. The Burnett children and Rega were bitten seven months ago by a dog.

## REVIVAL SERVICES OPEN IN CHAPEL

Sermon Delivered by Rev. G. E. Barnard

Attendance at Opening Meeting is Large and Successful Meeting is Promised.

A series of revival services was begun at the chapel of the Free Baptist church at the corner of Davis and Darus streets Tuesday evening. The attendance was fairly good and the meeting was very successful, a number of people expressing their intention of leading Christian lives. An excellent sermon was delivered by the pastor, Rev. George E. Barnard, who will be in charge of the series.

The new chapel, where the meetings are being held, is the one which was built by Miss Anna Fite, principal of the High school. It is a pretty structure and has an ample seating capacity. It was dedicated October 1, shortly after its completion.

The Free Baptist church is building up a fine congregation in the West End and it is thought that the new chapel will bring about a large increase in the membership.
